

The **Money Management Assessment Module** in Tracking At-A-Glance® (TAAG) helps assess a resident's initial financial situation, create realistic goals and document historical changes.

TAAG tracks:

- Credit scores
- Income
- Savings
- Current debt
- Derogatory debt
- Goals to improve credit score, income, savings and debt
- % Increase/Decrease of both actual and goal values

This module has been fully integrated into our interface, making every field available for reports.
