

The **Relocation Module** in Tracking At-A-Glance® (TAAG) allows users to track multiple relocation events for each household and calculates Replacement Housing Payments under the URA and Section 104(d). It also calculates moving assistance based on the number of furnished and unfurnished rooms using the Fixed Residential Moving Cost Schedule. This module also provides users the ability to automatically create PDFs for HUD relocation forms, mapping relevant information from TAAG to the PDF.

TAAG tracks:

- Housing preferences
- Rent and utility expenses
- Move type
- Special needs
- Most comparable unit
- Associated documents
- Loans and payments

HUD Forms:

- 40058 – Claim for Rental Assistance or Down Payment Assistance
- 40072 – Claim for Rental or Purchase Assistance under Section 104(d)
- 40054 – Residential Claim for Moving and Related Expenses
- 40057 – Claim for Replacement Housing Payment for 180-Day Homeowner-Occupant
- 40061 – Selection of Most Representative Comparable Replacement Dwelling for Computing a Replacement Housing Payment

This module has been fully integrated into our interface, making every field available for reports.
